

NBAMRT Privacy Statement

The New Brunswick Association of Medical Radiation Technologists (NBAMRT) is governed by *An Act to Incorporate the New Brunswick Association of Medical Radiation Technologists*, SNB 2004, c.45 (the “Legislation”). The NBAMRT’s object is to regulate the practice of medical radiation technology and govern its members in order to serve and protect the public interest. In doing so, the NBAMRT may collect, use and disclose personal information regarding applicants for membership, members, persons holding themselves out as members, members’ patients, and others, for the purpose of the administration and enforcement of its Legislation. The NBAMRT only collects and uses personal information in connection with its regulatory function. All reasonable steps shall be taken to protect and maintain the confidentiality of any personal information collected in all formats (paper, digital, electronic, and verbal).
